Article III

Membership in Association

The following sections of this Article III shall apply to membership in the Association as that term is defined in Article I, Section 3, hereof.

Section 1. "Members". Membership shall be appurtenant to and may not be separated from ownership of any lot which is subject to assessment within the property as defined herein. Ownership of such lot shall be the sole qualification for membership. Any member of Mountain Vista Estates Owners Association, Inc., must pay an annual assessment

at the discretion of the board, to be determined by the Board of Directors for the purpose of cash flowing the Association's operational and capital needs.

Section 6. "Quorum". The presence at the meeting of members entitled to cast, or of proxies entitled to cast, 1/10th of the votes of membership shall constitute a quorum for any action except as otherwise provided in the Articles of Incorporation, the By-Laws or this Declaration. If, however, such quorum shall not be present or represented at any meeting, the members entitled to vote at said meeting, shall have the power to adjourn the meeting from time to time, without notice other than announcement at the meeting until the referenced quorum shall be present or be represented.

Section 7. "Lots Owned by Developer". The Developer shall be charged as yearly assessments by the Association Board of Directors, one (\$1.00) dollar per lot per year for all lots

Article V

Assessments and Liens

Section 1. "Creation of the Lien and Personal Obligation of Assessments". Each owner of any lot, by acceptance of a deed therefore, whether or not it shall be so expressed in any such deed or other conveyance, shall be deemed to covenant and agree to pay to the Association:

- a) annual assessments or charges;
- b) special assessments for capital improvements; and,
- c) emergency assessments as provided in the By-Laws, such assessments to be fixed, established and collected from time to time as hereinafter provided.
- d) the annual, special and emergency assessments, together with such interest thereon and costs of collection thereof as are hereinafter provided, shall be a charge on the land and shall be a continuing lien upon the lot against which each such assessment is made. Each such assessment, together with such interest thereon and cost of collection thereof as hereinafter provided, shall be the personal obligation of the person who was the owner of such lot at the time when the assessment fee was first due.

Section 2. "Annual Assessments and Carrying Charges of the Association". Each lot owner(s) shall pay to the Association an annual assessment equal to each lot's proportionate share of the sum required by the Association as determined and established by its Board of Directors, to meet its annual expenses. Each proportionate share is calculated by dividing the total annual expenses needed by the Association by the total number of lots sold by the Developer. The annual expenses include but are not limited to:

a) The cost of all operating expenses of the Mountain Vista Estates Owners Association, Inc., and services furnished, including charges by the Association for facilities and services furnished by it;

b) The cost of necessary management and administration, including fees paid to a Management Agency;

c) The amount of all taxes and assessments levied against the association or upon any property which it may own or which it is otherwise required to pay;

d) The cost of fire and extended liability insurance on the project and the cost of such other insurance as the Association may effect;

h) The estimated cost of repair, maintenance and replacement of all roads and sidewalks in Mountain Vista Estates; and,

i) any other expenses and costs reasonably associated with the upkeep, maintenance and sustainability of the Association.

j) The cost of purchasing or replacing any and all furniture, appliances, tables, chairs, kitchenware, swimming pool equipment, exercise equipment and machines, as well as any other personal property used and belonging to the Association and located on the Common Areas.

Section 3. "Determination of Annual Assessment". The Board of Directors of the Association shall determine the amount of the annual assessment against each lot at least thirty (30) days in advance of each annual assessment period, but may do so at more frequent intervals should circumstances so require as provided in the By-Laws. Written notice of the annual assessment shall be sent to every owner subject thereto. The due dates shall be established by the Board of Directors. The Association shall, upon demand and for a reasonable charge, furnish a certificate signed by an Officer of the Association setting forth whether the assessment on a specified lot has been paid. A properly executed certificate of the Association as to the status of assessments on a lot is binding upon the Association as of the date of its issuance.

Section 4. "Special Assessments". In addition to the regular assessments authorized by this Article, the Association may levy in any assessment year a special assessment or assessments, applicable to that year only, for the purpose of defraying, in whole or in part, the cost of any construction or reconstruction, unexpected repair or replacement of capital improvements located upon the Common Areas including, but not limited to the necessary fixtures and personal property related thereto or for such other purposes as the Board of Directors may consider necessary, provided that any such assessment shall have the assent of the members representing 2/3rds of the total number of votes eligible to be cast at such meeting. A meeting of the appropriate members shall be duly called for this purpose, written notice of which shall be

sent to all members at least ten (10) days in advance of such meeting, which notice shall set forth the purpose of the meeting.

Section 5. "Emergency Assessments". In the event of any situation, condition or occurrence affecting the life, health, safety or welfare of members or property of members, the Board of Directors acting pursuant to this section, may declare an emergency assessment in such amount and payable at such time as Board of Directors, in its sole discretion, shall deem necessary. Such emergency assessment, except for the amount and time of payment, shall be governed by all other provisions of this Declaration. Such assessment shall be borne prorata by all members of the Association as set out in these covenants, conditions, and restrictions..

Section 6. "Declarant Shall Pay No Assessment During Development Period". Regardless of lots or common property owned, declarant shall pay no assessments to the Association during the Development Period except for the \$1.00 per lot unsold by Declarant.

Section 7. "Non-Payment of Assessment". Any assessment levied pursuant to the Declaration, or any installment thereof, which is not paid on the date when due, shall be delinquent and shall, together with interest thereon, and the cost of collection thereof, hereinafter provided, thereupon become a continuing lien upon the lot or lots belonging to the member against whom such assessment is levied and shall bind such lot or lots in the hands of the then owner, his heirs, devisees, personal representatives and assigns. The personal obligation of the member to pay such assessment shall, however, remain his personal obligation for the statutory period and a suit to recover a money judgment for non-payment of any assessment levied pursuant to the By-Laws, or any installment thereof, may be maintained without foreclosing or waiving the lien herein. Any assessment levied pursuant to this Declaration or any installment thereof, which is not paid within 90 days after it is due, shall bear interest at a rate not to exceed the highest lawful rate allowed in the State of Tennessee, and shall subject the member obligated to pay the same to the payment of such penalty or "late charge" as the said association may fix, and the Association may bring an action at law against the member personally obligated to pay the same, or foreclose the lien against the lot or lots then belonging to said member, in either of which events, the members shall be obligated to pay all interest, costs and reasonable attorney's fees. No owner may waive or otherwise escape liability for assessments provided for herein by nonuse of the common areas or abandonment of his lot. For the purpose of enforcing the lien of any unpaid and delinquent assessment each lot owner grants to the Board of Directors of the Association, irrevocably the power to sell his unit at public sale if and only if such sale is made subordinate to any bonafide recorded mortgage or deed of trust upon the lot. The Board of Directors is authorized to elect to enforce any lien by action in court where priority is asserted over a prior recorded mortgage or deed of trust or to enforce the lien by public sale where no priority is sought over the lien of a prior recorded mortgage or deed of trust. Any such sale shall be made after first advertising the same of said property for 30 days by 4 consecutive weekly publications in a newspaper in the County of Cumberland, City of Crossville, State of Tennessee, giving notice of the time and place of such sale, the owners of that lot, and all other information as required by T.C.A. §35-5-104 relating to non judicial foreclosures of deeds of trust. Any sale of a lot to

enforce a lien for delinquent and unpaid assessments shall be free from the equity and statutory right of redemption, marital, homestead and all other exceptions, all of which are expressly waived by the lot owner; and any such sale and the lien enforced thereby shall take precedence over and have priority over any and all other liens of every nature against the lot, except first mortgages, real estate and ad valorem taxes assessed against the lot. The proceeds of any such sale, whether under the power of sale or by foreclosure suit, shall be applied first to the payment of expenses of protecting the property and the expenses of litigation, attorneys fees and sales commission, and second to the payment of real estate and ad valorem taxes assessed against the lot and any prior recorded mortgages, and third to the payment of all amounts due the Association under the terms of the Declaration and By-Laws, and the balance, if any, to the owner whose lot is sold and his assigns. Upon any default in the payment of any assessments, the Board of Directors shall have the right to all rents, issues and profits from the lot in default and shall have the right to secure the payment through notice to those in possession of the lot or by entry into possession in the same manner as the mortgagee entering into possession following default. All rights, remedies and privileges granted to the Board of Directors, or a lot owner, pursuant to any terms, provisions and covenants or conditions of the Declaration and By-Laws shall be deemed to be cumulative, and the exercise of any one or more shall not be deemed to constitute an election of remedies nor shall it preclude the party thus exercising the same from exercising such other and additional rights, remedies or privileges as may be granted to such party by the Declaration and By-Laws or at law or in equity. The Association shall notify the holder of the first mortgage on any lot for which any assessment levied pursuant to this Declaration becomes delinquent for a period in excess of 90 days and in any other case where the owner of such lot is in default with respect to the performance of any other obligation hereunder for a period in excess of 90 days. Any other Association which may hereafter be established shall have the same rights to enforce payment of unpaid annual, special or emergency assessments as is granted to the Association, set out in this Section.

Section 8. "Acceleration of Installments". Upon default in the payment of any one or more annual installment of any assessment levied pursuant to this Declaration, or any other installment thereof, the entire balance of said assessment may be accelerated at the option of the Board of Directors and be declared due and payable in full.

Section 9. "Priority of Lien". The lien established by this Article shall have preference over any other assessments, liens, judgments or charges of whatever nature, except the following:

- a) General and special assessments for real estate taxes on the lot; and,
- b) the liens of any bona fide deed of trusts, mortgage instruments or encumbrances duly recorded on the lot prior to the assessment of the lien thereon or duly recorded on each lot after receipt of a written statement from the Board of Directors reflecting that payments on said lien were current as of the date of recordation of said Deed of Trust, mortgage instrument or encumbrance.

Section 10. "Subordination and Mortgage Protection". Notwithstanding any other provisions hereof to the contrary, the lien of any assessment levied pursuant to this Declaration upon any lot in the Mountain Vista Estates shall be subordinate to, and shall in no way affect the rights of the holder of any indebtedness secured by any recorded bona fide first mortgage (meaning a mortgage with priority over other mortgages) upon such interest made in good faith and for value received; provided however, that such subordination shall apply only to assessments which have become due and payable prior to the sale or transfer of such lot pursuant to a decree of foreclosure or any other proceeding in lieu of foreclosure, and shall not in such instance apply to claims for a share of such assessments or charges resulting from a reallocation of such assessments or charges to all lot owners, including the mortgaged lot. Such sale or transfer shall not relieve the purchaser at such sale of the lot from liability for any assessment thereafter becoming due, nor from the lien of any such subsequent assessment which said lien, if any, claims shall have the same effect and be enforced in the same manner as provided herein. No amendment to this Section shall affect the rights of the holder of any such mortgage for the indebtedness secured thereby recorded prior to recordation of such amendment unless the holder thereof for the indebtedness secured thereby shall join in the execution of such amendment.

Section 11. "Rights and Obligations of Forced-Sale or Foreclosure Purchases." Any person who acquires any ownership in a Lot or Living Unit, except through foreclosure of an institutional first mortgage of record, or by virtue of an institutional first mortgage accepting a deed to property in lieu of foreclosure, including without limitation, persons acquiring title by operation of law, including purchasers at judicial sales, shall not be entitled to the use or occupancy of the Lot or Living Unit or enjoyment of the Common Elements, until such time as all unpaid annual, special or emergency assessments, due and owing by the former Owner(s) have been paid. The Association, acting through its Board of Directors, shall have the right to assign its claim and lien rights for the recovery of any unpaid assessments to Declarant, or to any other Association, or to any third party.

Section 12. "Additional Default". Article VII

Architectural Controls

Section 1. "Preamble". The primary purpose of these covenants, conditions, and restrictions and the foremost consideration is the creation of a community which is aesthetically pleasing and functionally convenient. The establishment of objective standards relating to design, size and locations of structures is in the best interests of both lot owners and the Association. But it is impossible to predict what proper construction standards and materials will be proper in the future due to, for example, advances in construction and environmental values. For this reason such standards are not fully and completely established by these covenants. In order to implement the purposes of these covenants, Declarant and Association shall establish and amend from time to time Construction Requirements and guidelines which shall be in addition to these covenants and administered by the ACC.

Section 2. "Architectural Control Committee (hereafter ACC)".

a) The ACC shall consist of no less than three (3) nor more than seven (7) members, which members shall be appointed by the Board of Directors and serve at the pleasure of the Board.

b) The Board shall appoint a chairperson who shall preside at all meetings of the ACC. The ACC shall operate in accordance with policies and procedures established from time to time by the ACC and approved by the Board.

c) The ACC is authorized to retain, within budget limits established by the Board, services of consulting architects, landscape architects, urban designers, engineers, inspectors, and/or attorneys in order to advise and assist the ACC in performing its functions set forth herein and all such expenses shall be at the expense of the Association.

d) Any member of the ACC appointed by the Board may be removed with or without cause by the Board at any time by written notice to such appointee and its successor or successors appointed to fill such vacancies shall serve at the pleasure of the Board.

e) The ACC is hereby authorized to promulgate, subject to approval by the Board, written architectural standards, regulations, policies, procedures and guidelines (hereafter referred to as the Construction Requirements) governing the construction, location, height, size, dimensions, material and design of improvements (including, without limitation, driveways), structures, landscaping, the contents of submitted plans and specifications, and other information as may be required in order to evidence compliance with and obtain approval pursuant to this Article VII. The ACC shall make its standards, regulations, policies, procedures and guidelines available to Owners who seek to engage in construction upon Owners' lot and shall conduct its operations in accordance therewith. Decisions of the ACC shall take into account and be founded upon the nature, kind, shape, color, size, material and location of any construction, improvements, buildings, structures or development and the quality of workmanship planned, and the harmony of external design in relation to surrounding structures, topography and elevation of such construction, improvements, buildings, structures and development. The architectural standards and Construction Requirements shall be binding upon and enforceable against all Owners.

f) The ACC may charge a reasonable fee as determined by the Board from time to time to cover the administrative expense of its review and comments, such fee to be payable by the applicant to the Association. Additionally, the ACC may require placement of a deposit or bond by an applicant to assure compliance with this Declaration and the Design Standards and to cover any expenses or damages caused by construction or improvement activities required to be approved by it.

Section 3. "General Rules for ACC".

a) No construction, improvements, buildings, structures, landscaping, or development of any kind whatsoever, shall be commenced, carried out, constructed, altered, added to or maintained on any Lot unless and until plans and specifications and related data required by the standards have been submitted to and approved in writing by the ACC.

b) The ACC shall have the sole discretion to determine whether the plans and specifications submitted for approval are acceptable to the ACC in connection with the approval rights. Any disapproval by the ACC may be based upon any ground whatsoever so long as such disapproval is consistent with the objectives and purposes of this Declaration, including, but not limited to, purely aesthetic considerations. Any denial of plans and specifications by the ACC may be appealed to the Board pursuant to such policies and procedures respecting appeals as may be adopted by the Board.

c) Any and all plans submitted for the construction of a Living Unit on a Lot shall depict thereon the proposed Living Unit in such detail as requested by the ACC. Any and all requests for alterations or additions to a Lot or Living Unit, including alterations or additions to existing structures or improvements or the addition of additional structures, items or improvements shall depict thereon the proposed addition or alteration in its proposed location with all height, material, location and other specifics as may be requested by the ACC.

d) Following approval of any plans and specifications by the ACC, representatives of the ACC shall have the right, without notice, during reasonable hours to enter upon and inspect any Lot, Living Unit or other improvements or structures with respect to which construction is underway to determine whether or not the plans and specifications thereof have been approved and are complied with. In the event that ACC shall determine that such plans and specifications have not been approved or are not being complied with the ACC, acting in the name and at the expense of the Association, shall be entitled to enjoin further construction and to require the removal or correction of any work, improvement or structure in place which does not comply with the approved plans and specifications.

e) Any contractor, builder, person or entity constructing a building upon the Properties shall, prior to the beginning of the construction of any such building, furnish to the ACC satisfactory proof that such contractor is licensed and has appropriate builders' risk insurance, including workers compensation insurance, if applicable, effective for the construction period.

f) Structures shall be completed according to plans and specifications both as to exterior and interior within such time as shall be fixed by the ACC when the plans and specifications for the particular structure are approved by the ACC.

g) The contractor, builder or Owner shall submit all structures to inspection by the ACC as required to determine compliance with completion dates as herein provided or as may be provided by the ACC. In the event of non-compliance with completion dates as herein provided, the Association shall have the right, but not the obligation, to hire a contractor and/or contractors to perform the work and furnish the materials necessary for compliance and the Association shall bill the Owner for the amount expended plus twelve percent (12%) for administration, plus the highest rate of interest allowable by law until paid. In the event the Owner does not pay the same, the Club shall have the legal right to file a lien against the property involved and proceed in law or equity to sell the property to obtain said charges or said charges and court costs and attorney's fees shall be paid over to the Owner.

h) No dwelling shall be erected, placed, or permitted to remain on any Lot unless it complies with the following general specifications:

1. The minimum square footage of heated and finished living area (basements excluded), shall be:

- a. One level with two (2) car garage - 1,800 square feet
- b. One and One-half story with two (2) car garage - 1,800 square feet with minimum first level of 1,500 square feet
- c. Two story with two (2) car garage - 1,800 square feet with minimum first level of 1,500 square feet

Section 3. "Approval of Structures other than Living Unit". No other detached structure shall be erected, reconstructed, placed or permitted to remain upon any lot, unless such structure is made an integral part of the Living Unit or Lot, nor unless and until the size, location, type, style of architecture, use, the materials of construction thereof, the color scheme therefore, the grade elevation thereof, and the plans, specifications and details of said structure have been first approved in writing by the ACC. Such detached structure shall be subject to all of the covenants, rights, terms, reservations, limitations, agreements and restrictions at any point herein made applicable to the Living Unit. No detached sheds or barns, or similar types of detached structures whatsoever, shall be erected, reconstructed, placed or permitted to remain upon any Lot or Living Unit.

Section 4. "Disclaimer of Approval of Plans". No approval of plans and specifications and no publication of Construction Requirements pursuant to the terms of this Declaration by the ACC shall be construed as representing or implying that such plans, specifications or standards will, if followed, result in properly designed improvements. Such approvals and standards shall in no event be construed as representing or guaranteeing that any Living Unit or other improvement built in accordance therewith will be built in a good workmanlike manner. Declarant, the Association and the ACC shall not be responsible or liable for (i) any defects in any plans or specifications submitted, revised, or approved pursuant to the terms of this Declaration, (ii) any loss or damages to any person rising out of the approval or disapproval of any plans or specifications, (iii) any loss or damage arising from the non-compliance of such plans and specifications as with any governmental ordinances and regulations, nor (iv) any defects in construction undertaken pursuant to such plans and specifications.

Section 5. "Site Location of Structures". In cooperation with the ACC and in order to assure that location of buildings and other structures will be located with regard to the topography of each property, as well as, aesthetic and environmental considerations, the Association reserves unto itself, its successors and assigns the right to decide the approximate site and location of any building or structure or structures on any property in Mountain Vista Estates for reasons which may in the sole and uncontrolled discretion and judgment of the Association seem sufficient. Such location shall be determined only after reasonable opportunity is afforded the property owner to recommend a specific site.

Section 6. "Construction Criteria and Requirement of Compliance With Law". All Living Units and other structures and improvements shall be constructed, modified, altered or added to in compliance with any and all then applicable state, county and municipal zoning and building restrictions and any applicable regulations and restrictions as might apply to the real estate. All grading, clearing, construction of impervious surfaces, building and other construction activity performed on Lots or Living Units that are subject to the rules, regulations, guidelines and restriction of any regulatory authority shall be performed in accordance with such rules, regulations, guidelines and restrictions as are then applicable. Notwithstanding anything in this Article or elsewhere to the contrary, this section shall be applicable to all construction,

modifications, additions or alterations in or upon all Single Family Lots, Multi Family Lots, and other property located within the Properties.

Section 7. "Unapproved Variances Prohibited". In all instances where plans and specifications are required to be submitted to and are approved by Declarant or the ACC, if subsequent thereto, there shall be any variance in the actual construction and location of any alteration or addition, fence, wall, hedge or roadway, any such variance shall be deemed a violation of these restrictions, unless resubmitted and approved.

Section 8. "Sewage Disposal". No privately-owned sewage disposal system shall be permitted upon any Lot or parcel of land within the Properties.

Such easement shall permit Declarant to erect, maintain and use electric and telephone wires, cables, conduits, natural gas lines, water mains, sewer lines, drainage lines and drainage ditches, or drainage structures, sewers, whether gravity, low pressure or otherwise, and other suitable equipment and structures for drainage and sewerage collection and disposal purposes or for the installation, maintenance, transmission and use of electricity, telephone, natural gas, lighting, heating, water, drainage, sewerage, cable TV, and other conveniences or utilities on, in over, and under all the areas presently served, and on, in, over, and under all the areas presently served, and on, in, over, and under all of the easements, including but not limited to, roadways shown on any plat or plan of Mountain Vista Estates (whether such easements are shown on said plans or plats to be for drainage, utilities or other purposes). Declarant also reserves and is given the same perpetual, alienable, and releasable easement with respect to all future utilities established in Mountain Vista Estates. Declarant shall have the unrestricted and sole right and power of alienating and releasing the privileges, easements, and rights reserved and referred to in this Section or any such privileges, easements and/or rights reserved on any plat or plan of Mountain Vista Estates. The owners, other than the Declarant, of the Lot or Living Units, subject to the privileges, rights, and easements referred to herein shall acquire no right, title, or interest in or to any wires, cables, conduits, pipes, mains, lines or other equipment or facilities placed on, over, or under the property which is subject to said privileges, rights, and easements, All such easements, including those designated on any plat or plat of the Properties, shall at the appropriate time, be transferred and given to the appropriate utility entity or public group responsible for the upkeep and maintenance of said utilities.

Article IX

Construction and Maintenance of Common Properties

Section 1. "Recreational Facilities". It is contemplated a club house, an entry sign and possibly other recreation facilities will be, but are not required to be, built and conveyed to the Association for the benefit of all Owners and Members. The cost of maintenance, operation, taxes, and other expenses incident to such Common Properties shall be the obligation of the Association and shall be paid from assessments, and also from fees for the use of the Common Properties, if any.

Article X

Use Restrictions

The real property described in Article II and located being known as Mountain Vista Estates Subdivision a plat of which appears at Plat Book 11, page 197, Register's Office, Cumberland County, Tennessee shall be held, transferred, sold, conveyed, given, donated, leased, possessed, and used subject to the following declaration and/or use restrictions. The ACC may from time to time enact a set of CONSTRUCTION REQUIREMENTS and guidelines as contemplated under Article VII. These Construction Requirements and guidelines shall be in addition to the following use restrictions. The ACC shall have all rights and responsibilities to enforce both the construction requirements and guidelines and the following use restrictions with the direction and/or approval of the board of the association.

Section 1. All lots in Mountain Vista Estates Subdivision shall be used for single family residential purposes only. No commercial activity shall be conducted from or allowed on any lot in the subdivision.

Section 2. No single lot shall contain more than one dwelling. No dwelling which is constructed on any lot in the subdivision shall have less than One Thousand Eight Hundred (1,800) square feet of heated living area, excluding porches, garages, breezeways, patios and storage areas. Homes shall not exceed two and one-half (2-1/2) stories above ground in height. No concrete blocks are to be exposed to view (except decorative blocks), if above ground level, and shall instead be faced with brick, stone or stucco. Roofs shall have at least six planes, with the main body roof line having a pitch of a minimum of 8/12. The exterior front walls of each dwelling shall have a least eighty percent (80%) stone, brick, stucco, manufactured stone or cementitious siding. All exterior walls of each dwelling shall contain at least some stone, brick, or stucco. If any dwelling, garage, or other detached structure includes a roof with asphalt shingles, said shingles shall be dimensional with a minimum thirty (30) year warranty.

Section 3. No dwelling or other improvement or structure shall be erected, reconstructed, placed or suffered to remain upon said premises, nearer the front or street line, or

lines, or nearer to any side line or rear line than as shown in the Notes as set-back requirements upon the recorded plat of said subdivision. This requirement shall apply to and include porches, verandas, and other similar projections of said dwelling. In addition, all set back lines, utility easements, general notes or other requirements or conditions found on the plat of Mountain Vista Estates Subdivision recorded with the Cumberland County Register of Deeds at Plat Book 11, page 197, are hereby adopted by reference as though set out verbatim herein and must be adhered to or a violation of these covenants will occur.

Section 4. In addition to the dwelling, two (2) detached structures, garages and/or storage buildings may be constructed on each residential lot, provided, however, any such detached structure, garage and/or storage building shall be built of the same or substantially similar material as that of the dwelling and shall contain at least some stone, brick or stucco matching the color of the dwelling and covering any exposed block foundation. The main entrance to any detached garage cannot face the road to which the dwelling structure faces. A detached garage or storage building may be built contemporaneously with or after construction of the dwelling house but not before. All detached structures, garages or outbuildings must be constructed onsite and with a concrete foundation. Gazebos, picnic tables, playground equipment and/or other preconstructed sitting structures are excluded from this requirement. In addition to the building set back requirements shown on the Plat of Mountain Vista Estates Subdivision, no detached garage or storage building shall be closer than Eight (80) feet from the front and Twenty (20) feet from the side or rear lot lines.

Section 4(a). "Special Conditions Regarding Detached Structures". It is intended by the Developer that the many beautiful mountain views available to the home sites in Mountain Vista Estates remain as unobstructed as possible. Because of their height and large size, detached garages, outbuildings or other structures intended to store recreational vehicles, campers or other large trailers or vehicles are discouraged. During the Development Period, the Developer MUST review, not only the plan and design for outbuilding and garages, BUT MUST ALSO review the location upon which said detached structure is to be placed. If it is determined that the location combined with the design causes an obstruction of the views of any surrounding lot, the proposed detached structure will not be approved.

Section 5. All homes and detached structures must be constructed of new material and be of good quality workmanship. No trailers, modular homes, preconstructed homes, mobile homes or any other type of movable home or dwellings shall be allowed. All lots shall be used and occupied solely for private residential purposes by a single family. No lot shall be used for multifamily, condominium, townhouse, commercial/business or interval ownership usage.

Section 6. Driveways must have a metal culvert of sufficient size and in compliance with the requirements of the Cumberland County Road Superintendent and/or any other governing laws at the time said culvert is installed. Within Six (6) months from the date of completion of construction of a dwelling on a residential lot in the subdivision, a driveway to said

home must be paved with concrete, asphalt surface material, or any other type of hardtop surface. Headwalls must be installed on the ends of any culvert and are to be constructed of brick, stone, stucco, manufactured stone or cementitious siding. The garage entrance shall be to the side or rear of the dwelling structure as same relates to the road which the dwelling structure faces. Carports are not allowed, except in the rear of the home.

Section 7. With the exception of the right of the Declarant to subdivide lots, no lot shall be re-subdivided, provided however, nothing herein contained shall prevent the owner of two or more adjoining residential lots from considering the combined area of the two or more residential lots as one building lot, in which event, the set-back lines for building purposes and the easements reserved for utilities shall be construed and interpreted to apply to the outside lines of the two or more combined residential lots and not the line which is common to both residential lots or the interior lines of the residential lots. If two or more residential lots are combined under the provisions of this paragraph, they may not in the future be re-subdivided. All fees, assessments and dues shall continue to be paid on the individual lots, as though they were not combined.

Section 8. No lot shall be used to provide ingress or egress to or from another lot in the subdivision or another property outside the subdivision, unless the lot owner has two or more adjoining lots that are being combined as one building lot pursuant to paragraph eight (8) above or unless the Developer gives express permission for same. The Declarant reserves the right to allow owners of property outside Mountain Vista Estates Subdivision to use the utility easements reserved herein by the Declarant to obtain utilities, which grant of easements by the Declarant shall be at the Declarant's sole discretion and under such terms and conditions as the Declarant deems appropriate. No lot shall be used to provide utility service to property outside of the subdivision without the express written consent of the Declarant.

Section 9. Unless trees must be removed for the installation of the dwelling's driveway or the installation of the utilities to the dwelling, no trees with a diameter of ten (10) inches or greater may be cut or removed within twenty (20) feet of the side or rear lot lines, without the express approval of the ACC, provided, however, that this limitation shall not apply to dead, dying or diseased trees.

Section 10. Mountain Vista Estates Subdivision encompasses many lots that front Daddy's Creek and other Blue Line Streams. The Developer desires that lot owners preserve the aquatic life and water quality found in these areas. Therefore, a Green Zone is hereby created within 50 feet of the water's edge of Daddy's Creek and within 25 feet of the edge of any Defined Channel known as a Blue Line Stream located in or abutting any lots being a part of Mountain Vista Estates Subdivision. These Green Zones are to act as a natural buffer and filter for Storm Water Run Off and other impurities that could flow to Daddy's Creek and/or the other Defined Channels. Therefore, owners of property lying inside this Green Zone must adhere to the following additional restrictions as set out in this paragraph:

a) Permanent structures are not allowed inside this Green Zone. Gazebos, picnic tables, playground equipment or other sitting structures are allowed but care must be taken when locating said structures, not to disturb the natural vegetation or soil.

b) No live trees greater than ten (10) inches in diameter may be removed. Trees between five and ten (5-10) inches may be removed if similar trees are replanted.

c) No hard ground surface materials (such as concrete or asphalt) may be constructed or placed in said area.

Section 11. No radio or television antennas or satellite "dishes" larger than 39 inches shall be erected, reconstructed, placed or suffered to remain on said premises.

Section 12. No motor home, camper, recreational trailer, basement, foundation, unfinished dwelling, tent, garage, barn, or other outbuilding shall at any time be allowed as a temporary or permanent living quarters.

Section 13. All heating and air conditioning units, gas meters, solar devices or other utility related equipment shall be hidden from view of the street by screening and/or with landscaping.

Section 14. The exterior of any structure on the lot, whether it be a primary residence or otherwise, shall be completely finished within six (6) months from the date of clearing the lot in preparation for commencement of construction. The dwelling house shall be the first building constructed on any lot. The interior for any structure being constructed on any lot shall be completed finished within twelve (12) months following the commencement of construction. No dwelling shall be occupied until construction is substantially complete. Landscaping around the dwelling structure shall be completed within eighteen (18) months following commencement of construction.

Section 15. All service wires or lines to the home and outbuildings including, but not limited to, those for water, sewer, electrical, telephone, and cable service, if available, shall be placed underground from the main supply lines and in accordance with all applicable federal, state, and local laws and regulations.

Section 16. No animals, livestock or poultry of any kind shall be raised, bred or kept on any lot, except dogs, cats or other common domestic household pets, provided that they are not kept, bred or maintained for any commercial purposes, and provided further that they are kept in such a way as not to violate any state or local law or ordinance.

Section 17. The sewage system connected to the dwelling structure shall be designated, located and constructed in accordance with the requirements, standards and/or recommendations of the SCUD - South Cumberland Utility District. The Area containing 13.31 acres and/or designated for Sub-surface Waste Disposal is a restricted area and not to be traveled

upon or trespassed upon by any person not authorized to do so. Traversing upon this area will be considered trespassing and a violation of these restrictions.

Section 18. No lot or parcel of land in the subdivision shall be used or maintained as a dumping ground for rubbish, trash, garbage or other waste, including but not limited to, junk automobiles or any sort and household waste which shall be kept in sanitary containers, all such containers or other similar equipment for the storage and disposal of garbage or waste materials shall be kept in a clean and sanitary condition and not visible from the street except on the day before, on and after garbage pickup. No clotheslines, clothes, sheets, blankets, or other articles shall be hung out or exposed on any part of said premises.

Section 19. Swimming pools must be located in the backyard and shall be constructed below ground level. In the event the backyard is not fenced, the swimming pool must be fenced or covered. No fencing shall be allowed between the front of the home or any improvement and roadway to which the home is facing. Any fencing placed shall be constructed of wood, ornate metal, ornate vinyl or painted chain link and installed in a uniform and workmanlike manner. No chain link fencing silver in color or maintaining a natural steel or aluminum color or similar metal fencing shall be allowed.

Section 20. No boats, trailers, motor homes, recreational vehicles, motor coaches or trucks (except pickup trucks not exceeding one (1) ton, and window and panel vans not exceeding one (1) ton, shall be parked, stored or suffered to remain upon said premises or in the street within the subdivision, unless parked or stored within a garage on said premises out of view, or parked in an area out of view from any public roadways. Any detached garage used to store any of the foregoing must conform with paragraphs 4, 4(a) and 6 above. Automobiles and other vehicles of guests and invitees shall be parked in the driveway of the lot owner and not parked in the street unless space does not permit and then such parking in the street will be done in a lawful manner and only for temporary period of visitation to the lot owner.

Section 21. Lot owners performing any construction are responsible to ensure no violations are made of the Tennessee Water Quality Control Act or any other law, regulation or ordinance including but without limitation, water quality or storm water runoff. Lot owners must obtain and adhere to any federal, state or local permits needed for excavation and/or construction and hereby hold the Developer harmless for failure to obtain permits or violations of any law, regulation, or ordinance due to said lot owner's construction or improvement of said lot. Specifically, before any construction is commenced, Lot Owners must fill out and file with the Tennessee Department of Environment a Building Site Erosion Plan which is attached hereto as Attachment C and made a part hereof by reference.

Section 22. These covenants, conditions, and restrictions shall be considered as covenants running with the land and shall bind the purchaser of any lot in the subdivision, their respective heirs, assigns and successors. If any owner or their respective heirs, assigns and successors, shall violate or attempt to violate the covenants and restrictions herein contained, it

shall be lawful for the ACC or any person or persons owning any lots in the subdivision to prosecute any proceeding at law or in equity against the persons violating or attempting to violate any such covenant or restriction, and either to prevent such person or persons from committing an act of violation or to recover damages for such violation. If the ACC or any lot owner(s) prosecutes or initiates a proceeding to enforce these covenants, conditions, and restrictions and is successful, the violator shall be responsible for all reasonable pre-litigation and litigation costs including but not limited to attorney fees. This provision shall not, however, be held or construed as creating any obligation on the part of the owners of the subdivision, their heirs, assigns or successors, to institute any such action or proceeding.

Section 23. Invalidation of any of the covenants or restrictions by the judgment of a court of competent jurisdiction shall in no way affect the validity of any of the other covenants or restrictions, which remaining covenants and restrictions shall thereafter remain in full force and effect.

Article XI

The Declarant has such an easement through the Common Areas as may be reasonably necessary for the purpose of discharging the Declarant's obligations or exercising Declarant Rights. Such easement includes

the right to convey utility and drainage easements to public utilities, municipalities, the State, riparian owners or upland owners to fulfill the plan of development for the Property.

d) The right to post signs and displays in the Common Areas to promote sales of Lots and Living Units and to conduct general sales activities in a manner as will not unreasonably disturb the rights of Owners.

Declarant or persons designated by Declarant may appoint or remove the officers and members of the Board, Declarant may voluntarily surrender the right to appoint and remove officers and members of the Board before the end of the Development Period, but in that event the Declarant may require, for the duration of such period of Declarant control, that specified actions of the Association, as described in a recorded instrument executed by the Declarant, be approved by the Declarant before they become effective. Upon the termination of any period of Declarant control, the Lot Owners shall elect a Board in accordance with the provisions of Article III.

Section 4. "Waiver and Liability as to Declarant". In connection with all reviews, acceptances, inspections, permissions, consents or required approvals by or from the Declarant contemplated under this Declaration or the exercise of any rights of Declarant provided in this Declaration, Declarant shall not be liable to an Owner or to any other person on account of any claim, liability, damage or expense suffered or incurred by or threatened against the Association, an Owner or such other person and arising out of or in any way reacting to the subject matter of any such reviews, acceptances, inspections, permissions, consents or required approvals, whether given, granted or withheld, and any exercise of any right of Declarant provided herein.

Section 5. "Additional Properties". Declarant shall have the unilateral right, privilege, and option, from time to time at any time until all the Additional Property has been subjected to this Declaration to subject all or any portion of the Additional Property to the provisions of this Declaration and jurisdiction of the Association. Such annexation shall be accomplished by filing a Supplemental Declaration to this Declaration annexing such property in the public records of Cumberland County, Tennessee. Such Supplemental Declaration shall not require the consent of the Lot Owners or the Association. Any such annexation shall be effective upon the filing for record of such Supplemental Declaration signed by the Declarant, unless otherwise provided therein. Declarant shall have the unilateral right to transfer to any other person all Declarant's rights, privileges, and options to annex the Additional Property which is herein reserved to Declarant, provided that such transferee or assignee shall be the developer of the real property described in Exhibit A or Exhibit B and that such transfer is memorialized in a written, recorded instrument executed by the Declarant.

Section 6. "Acquisition of Additional Common Area". Declarant may convey to the Association additional real estate, improved or unimproved, located within the properties shown on the plat of Mountain View Estates Subdivision which, upon conveyance or dedication to the Association, shall be accepted by the Association and thereafter shall be maintained by the Association at its expense for the benefit of all its Members.

Section 7. "No Requirement to Add Additional Properties". No provision of this Declaration shall be construed to require the Declarant to add any real property to the scheme of this Declaration. The subdivision contemplated by this Declaration including the real estate now encumbered or any added hereto may include a wide diversity of housing types and styles.

Section 8. "Declarant's Right to Abate or Remove Violations". Declarant reserves and is hereby granted the right in case of any violation or breach of any of the restrictions, rights, reservations, limitations, agreements, covenants and conditions herein contained, to enter the property, upon or as to which such violation or breach exists and to summarily abate and remove, at the expense of the owner thereof, any erection, thing, or condition, that may be or exists thereon contrary to the intent and meaning of the provisions hereof as interpreted by Declarant and Declarant shall not, by reason thereof, be deemed guilty of any manner of trespass for such entry, abatement or removal. A failure of Declarant to enforce any of the restrictions, rights, reservations, limitations, agreements, covenants and conditions contained herein shall in no event be construed, taken or held to be a waiver therefore or acquiescence in or consent to a continuing, further or succeeding breach or violation thereof, and Declarant shall at any and all times have the right to enforce the same.

Section 9. "Interference with Declarant Rights". Neither the Association, the Board or any Lot Owner may take any action or adopt any Rule which will interfere with or diminish any of Declarant's rights or reservations provided in this Declaration without the prior consent of the Declarant. All of the provisions of this Declaration are specifically and expressly subject to the rights of Declarant, and in the event there is any conflict with any part of this Article with any other provisions of this Declaration, the provisions of this Article shall prevail. This Declaration shall be liberally construed to protect the rights of Declarant, its heirs and assigns as set out herein.

In addition, the Declaration may be amended unilaterally at any time and from time to time by the Declarant and the Board of Directors of the Association without the consent of the Members (i) if such amendment is necessary to bring any provision hereof into compliance with any applicable governmental statute, rule or regulation or judicial determination which shall be in conflict therewith, (ii) if such amendment is necessary to enable any reputable title insurance company to issue a title insurance policy with respect to the Lots or Living Units subject to this Declaration, (iii) if such amendment is required by an institutional or governmental lender or purchaser of mortgage loans, including for example the Federal National Mortgage Association or Federal Home Loan Mortgage Corporation, to enable such lender or purchaser to make or purchase mortgage loans on the Lots or Living Units subject to this Declaration, or (iv) if such amendment is necessary to enable any governmental agency or reputable private insurance company to insure mortgage loans on the Lots or Living Units subject to this Declaration and (v) correcting any scrivener's errors otherwise found to exist within this Declaration provided such amendment shall not adversely affect Declarant's rights or the title to any Owner's Lot or Living Unit or materially alter or change, any Owner's right to the use and enjoyment of the Common Areas as set forth herein unless Declarant and such Owner shall consent thereto in writing. All monetary fines shall be collectable by suit, judgment, lien and foreclosure, as provided in Article V hereof.

c. No delay, failure or omission on the part of the Association, the Declarant, or any aggrieved Owner in exercising any right, power or remedy thereafter shall, as to the same violation or breach, or as to a violation or breach occurring prior to subsequent thereto, bar or effect its exercise or enforcement.
