Note: This property may be subject to utility ingress/egress and/or right-of-ways.

The surveyor is not responsible for any determination or location of any underground conditions not visible and including but not limited to soils, geological conditions, physical devices and pipelines or buried cables and shall not be responsible for any liability that may arise out of the making of or failure to make such determination or location of any subsurface conditions. For underground utility location call 1-800-351-1111 (TN ONE CALL).

I hereby certify that this is a category II & IV survey and that the ratio of precision of the unadjusted survey is at minimum 1:7500 as shown hereon and has been performed in compliance with current Tennessee Minimum Standards of Practice.
